C A T E R I N G

Mara Restaurant is a home-grown business that came into existence in 2014 in the UAE. It identified its niche as a catering set up during its initial years. Slowly but surely, “Mara Catering” built a base on social media platforms such as Instagram to identify the target audience and communicate with them. Steadily, the demographics got aligned and potential customers began engaging.

The catering service became a prominent part of many government gathering and other small-scale events. When enquiries started coming in from almost all over the country, we knew we had struck a chord with our customers. An expansion was in order and the first outlet, Mara Cafe, was set up in Sharjah’s famous University City in 2017.

After successfully establishing Mara Cafe, Mara Restaurant and Lounge opened its doors in 2019 in Dubai’s prime location, Jumeirah 1. Our company is known for catering to every taste bud. The menu is elaborate and incorporates flavors of cuisines from all around the world.
